

Call for Applications

Research Grant for the Advancement of Women 2002

The National Center of Competence in Research “Computer-aided and image-guided medical interventions” (CO-ME) encourages the career advancement of women with a clinical background, who intend to perform research in the field of the NCCR. The grant consists of a CHF 20'000 prize, which partially covers the salary of the applicant or her co-worker(s).

Applications (CV, list of publications, and a short statement of current and planned research activities) should be sent preferably by email, **no later than August 15th**, to:

Bert Müller, General Manager of NCCR CO-ME

c/o Institut für Bildverarbeitung, ETH Zürich

Gloriastrasse 35, 8092 Zürich

bmuller@vision.ee.ethz.ch

<http://co-me.ch>

The Recipient, selected by the Women Advisory Board of the NCCR CO-ME, will be announced at the internal CO-ME workshop end of August.
