

# Call for Applications

## Research Grant for the Advancement of Women 2005

The National Center of Competence in Research “Computer-aided and image-guided medical interventions” (CO-ME) encourages the career advancement of women with a clinical background including dentistry and veterinary medicine, who intend to perform research in the field of the NCCR. The grant consists of a CHF 20'000 prize, which should partially cover the salary of the applicant or her co-worker(s).

Applications (CV, list of publications, and a short statement of current and planned research activities) should be sent preferably by email, no later than April 30th, to:

Bert Müller, General Manager of NCCR CO-ME  
c/o Institut für Bildverarbeitung, ETH Zürich  
Sternwartstrasse 7, 8092 Zürich  
[bmuller@vision.ee.ethz.ch](mailto:bmuller@vision.ee.ethz.ch)  
<http://co-me.ch>

The Recipient, selected by the Women Advisory Board of the NCCR CO-ME, will be announced in May 2005.
